Yo, Prez -

Hope this finds you and yours well and prospering. Congrats on your new post as President of The Masonic Study Unit. Did Bob authorize Otto to order the new company car for you yet? (Just kidding. Don't ever take me seriously on the opening gambit.) I think it was most noble of you to step into the breach and run for that office as you did. Today, very few people want to take on any responsibility, and that is not just due to lack of interest, but also lack on time. You certainly have my admiration for sticking your neck out, and my assurance of some (?) support (to help keep you from, later on, wondering why you did so in the first place!).

Now, instead of sitting on the sidelines and saying "attaboy", and by way of introduction, this is who I am, what I have tried to do for the good of our hobby and what I would like to see accomplished in the future.

I am a retiree from GM Truck Engineering, up in the Detroit area and now live in Katy, Texas with Jayrene, my Best Friend and long-suffering Wife of forty-nine years. If your geographical knowledge of Texas is a bit rusty, Katy is on I 10, thirty miles due west of Houston. And my age, well, I have not been carded for alcoholic beverages in a long time (Ha-Ha!).

(Caution, just because I worked 'up nawth' for forty years, don't ever call me a Yankee. I am from Way Down Yonder In New Orleans.)

I am a member of Holland Masonic Lodge # 1, in Houston, The Scottish Rite, Valley of Houston and Arabia Shrine Temple, also in Houston. Oops! We ain't supposed to say "Temple" anymore. Please forgive that slip, I was never one to be 'politically correct'. I am in the Greeters Unit in the Shrine, Secretary of the Westside Shrine Club and am currently working with other Brothers to set up a Scottish Rite Club out here in 'rice country'. (Katy is where rice was invented, in case you did not know.)

Enough of that balderdash, lets talk stamp collecting.

My thoughts on the views you expressed in the Sep-Oct '02 PM:

The term "Masonic thematic philately" should be **avoided** at all costs, when used in a sentence that includes the phrase "the public". A vast majority of "the public" don't even know who Masons are, much less know what philately is. And "thematic", wow, you are giving a lot of your listener's a 1-2-3 punch that will knock their interest into a cocked hat.

Dear Bro. Gene,

It is that time again – your copy of the Newsletter enclosed as well as an updated version of the Membership List.

I thank you for your input – it may help stir things up. I hope you get some responses from the members but, in the meantime, I would like to give you my candid comments – I hope you don't get as discouraged as I do sometimes.

I have not been able to come up with anything that will motivate more than a handful of the members. You will note that it is always the same people who contribute – no matter how much I plead. Most of the members are one way readers – everything in, nothing out. I can't even elicit bids on covers. Quite a number of years ago I tried to organize a MSU for New England people – I used the MSC of NY list and all the contacts I had. Lots of comments but no cohesiveness. They just don't want to get out and meet.

I tried pushing the GWMSC Annual Meeting in February as a method of some of us getting together – not a single response. Of course, John Allen is no longer a subscriber so he doesn't know what I am trying to do for them. The Pres and cover people are members but apparently they don't talk much with John.

The subject of the Murphy/Boudreau Handbook has already raised a lot of ire among the more vocal members. The first we of the MSU/ATA heard of this effort was when it was announced as a new publication to replace Mirt's and Beltmann's Handbooks. We wrote to the ATA and asked why they didn't involve the MSU of their own organization in the effort. The response of the Handbook people was that they didn't know there was a MSU/ATA. When I confronted Don Brenke with this, he said the handbook people were their own group. Norm Lincoln wrote to the ATA asking for information on the President of the MSU/ATA and they said they didn't even know the Unit had officers. The intent of the MSU of NY team was to define which individuals were truly Masons and should be collected and which ones should not. I can recall writing an editorial on that approach in response to their article. Consequently, you can tell my feeling toward their "update". I agree that this handbook is better than the previous two and may be a good introductory and as long as it is kept in that light, I can go along with it. Perhaps I am too set in my ways for this position, but I surely would not let the errors appear in our Newsletter that they have in their Magazine.

Well, enough soapbox. I will go along with whatever you and the membership come up with. I don't know how much traveling I can do but will seriously evaluate those within a reasonable distance.

Take care and -- really -- thanks for trying to light a fire.

The recovery is coming along quite well -- I go to the Doctor on Monday and should find out when I can get rid of the crutches and start driving again -- and when I can get back to work. My "alternates" are really screwing up by the numbers.

Hope all is well with you and yours.

Fraternally,

Email Directory

December 2001

Today, many of us are using Email. We find it to be an extremely swift and effective way to carry out our correspondence with our philatelic friends throughout the world. Some months ago we initiated an Email directory for the members of the MSCNY. The results have been quite promising. To date we have the following members of the MSCNY included in the Club Email Directory! Members from 15 states, 10 countries and five continents are on the list!

The Club Email directory is printed here for your information and use. Please review your name and Email address carefully. There have been quite a few changes and typing Email addresses is difficult. Please let us know of any mistakes. **Please send changes and additions to aabnyc@juno.com.**
